BY LINDVEST

SEMI-DETACHED SERIES FEATURES & FINISHES

PURCHASE PRICE TO INCLUDE:

A. EXTERIOR CONSTRUCTION DETAILS:

1. Predetermined brick clad exterior walls with accent details in other materials as per Vendor's colour schemes.
2. Predetermined coloured mortar as per Vendor's colour schemes.
3. Predetermined exterior paint colour as per Vendor's colour schemes.
4. Predetermined asphalt roof shingles and/or metal roof (as per plan) as per Vendor's colour schemes.
5. Predetermined maintenance-free aluminum and/or vinyl soffits, fascia, eavestroughs and downspouts as per Vendor's colour schemes.
6. Approximately 8' high exterior front entry door(s) with grip set and electronic deadbolt*.
7. Exterior light fixture(s) on front elevation and at rear door, as per model type.
8. Professionally graded and sodded lot.
9. Precast slab walkways and steps as required with six precast slabs at rear patio door.
10. Asphalt paved driveway (Vendor not responsible for future settlement).
11. Attic insulation, exterior wall insulation and basement wall insulation as per Ontario Building Code requirements*.
12. Cold cellar and poured concrete porch, as per model type.
13. Reinforced poured concrete garage floor.
14. Poured concrete basement walls with damp-proofing and foundation collector drains. Drainage layer provided on exterior of basement walls to enhance overall water resistance.
15. Steel beam support as required in basement.
16. Doors and windows sealed with high quality caulking.

B. INTERIOR FINISHES:

1. Ceiling height approximately 9'0" on main floor and 8'0" on second floor, as per model type.
2. Natural finish oak main staircase (veneer risers and stringers) with "Upgrade 2" handrails and spindles, as per plan. Stairway railings to be mounted on oak nosings in platformed area(s), as per model type. Platform(s) and landing(s) to be finished with natural finish engineered oak flooring (approximately 3" wide), as per model type.
3. Choice of "Cambridge" two panel style or "Contemporary" flat slab style doors with painted hinges throughout, as per plan.
4. Choice of paint grade "Upgrade 1" or "Contemporary" trim on all doors and arches.
5. All flat arches on main floor to be trimmed, as per plan.
6. All interior walls to be finished with premium acrylic latex paint*. Wood trim and doors painted with semi-gloss white paint. Purchaser to have choice of one (1) wall colour throughout from Vendor's standard samples.
7. Smooth ceiling finish throughout main floor, laundry areas and all main and second floor

washrooms, as per model type. Stippled ceilings with smooth borders on second floor throughout, as per model type.

8. All interior door hardware to be "Upgrade 1" lever type in satin nickel colour finish.
9. Laundry area complete with base cabinet(s) from Vendor's standard samples, and tub and connections for water, drain and venting, as per model type.
10. Natural gas fireplace with clean face drywall finish and contemporary linear burner complete with opaque pebble stones, as per model type.

C. KITCHEN SPECIFICATIONS:

1. "Upgrade 1" cabinetry with "Upgrade 1" granite countertops complete with undermount double bowl stainless steel sink with washerless single lever faucet, selected from Vendor's standard samples, as per plan.
2. "Upgrade 1" ceramic tile backsplash, selected from Vendor's standard samples, as per plan.
3. Exhaust hood fan over stove with 6" ducting to exterior.
4. Heavy duty plug receptacle provided for stove.
5. Designated dishwasher space with rough-in electrical-plumbing for future dishwasher.

D. BATHROOM FINISHES:

1. "Upgrade 1" cabinetry with laminate countertops selected from Vendor's standard samples in all bathrooms and powder room, as per model type.
2. Wall mirrors in all bathrooms.
3. All bathroom plumbing fixtures to be white.
4. 8"x10" ceramic wall tiles, selected from Vendor's standard samples, installed in tub and shower enclosures up to and including ceiling. Tub surround is tiled to approximately 24" above tub, as per model type, where tub and shower stalls are separate.
5. Exhaust fan in all bathrooms*.
6. Bathtub and separate shower stall in master ensuite, as per model type.
7. Bathtub in main bathroom, as per model type.
8. Temperature and pressure control single lever faucet on all showers, as per model type.
9. Framed clear glass door and recessed shower light in separate shower stall, as per model type.

E. FLOORING FEATURES:

1. Natural finish engineered oak flooring (approximately 3" wide) on main floor non-tiled areas, as per model type.
2. Plush 40 oz. broadloom with quality 12mm foam underpad installed wall to wall on second floor non-tiled areas, as per plan. One colour selection throughout available from Vendor's standard samples.
3. Ceramic tile floor in designated areas from Vendor's standard samples, as per model type.
4. Engineered sub-floor system.
5. All sub-floors will be glued and fastened with screws.

F. DOORS AND WINDOWS:

1. Vinyl casement and/or awning, or thermo-fixed glass windows with LOW-E glass throughout main and upper floors, as per model type.
2. High quality basement windows, with LOW-E glass.
3. Screens on all operational windows.
4. Fiberglass insulated front entry door with high quality weatherstripping.
5. Roll-up garage door.
6. Metal insulated door from garage to house, as per plan, where grade permits.
7. Garden door (screen included) OR sliding door (screen included) OR french door (screen not included) provided at rear of Dwelling on the main floor, as per model type.

G. ELECTRICAL AND LIGHTING DETAILS:

1. 100 amp electrical service with breaker panel and copper wiring throughout.
2. Quality light fixtures provided throughout, including ceiling light fixtures in all bedrooms, great room and decorative wall mounted fixture in powder room, as per model type.*
3. Electrical outlets provided in garage along with waterproof exterior outlet near all exterior doors, excluding door from house to garage.
4. Heavy duty receptacle and wiring provided for clothes dryer.
5. Rough-in RG6, or equivalent, cable T.V. in great room, parlour and master bedroom, as per model type.
6. Door chime provided.
7. Electronic smoke detectors installed in basement, on main and upper floor, including all bedrooms.
8. All bathroom electrical duplex receptacles protected by ground-fault interrupter.
9. Rough-in for central vacuum.
10. Rough-in for category 5, or equivalent, voice/data wiring in master bedroom and kitchen, as per model type.
11. "Decora" switches and plugs.
12. One ceiling mounted electrical outlet for future garage door opener.

H. PLUMBING AND HEATING SPECIFICATIONS:

1. Natural gas forced air "High Efficiency" furnace with ECM motor controlled by a learning thermostat.*
2. Installed rental gas hot water heater.
3. Ducting for future central air conditioning.
4. One water tap provided in garage and one on exterior.
5. Single lever faucets on all bathrooms and powder room sinks.
6. One carbon monoxide detector.
7. Ducts professionally cleaned prior to Closing.
8. Rough-in drains for future three-piece bathroom in basement.

* RHAPSODY COMFORT AND TECHNOLOGY:

Cool – Learning Thermostat to control your "High Efficiency" furnace

Smart – Intelligent key to control your front entry door deadbolt from your smartphone

Efficient – LED lighting throughout the interior of your Dwelling, excluding the basement

ADDITIONAL ATTENTION AND CARE FEATURES:

At Rhapsody, all model designs have been reviewed and assessed by an independent certified Energy Evaluator who has been certified and registered through NRCAN (National Resources Canada). Each house model will be built to EXCEED current Ontario Building Code requirements. Once the Dwelling is

completed and just prior to closing, the same certified Energy Evaluator will return to the Dwelling to verify the air tightness thereof.

- All paints to be low VOC
- All exhaust fans to be low sone for peaceful operation
- Shut-off valves on all hot and cold water lines on sinks and toilets
- Enhanced R60 Attic Insulation, 2"x6" exterior wall construction with R22 batt insulation – plus R5 rigid insulation
- Electronically commutated furnace motors (ECMs)
- Water-Efficient toilets, vanity faucets and shower heads

Quality Features correct at time of printing. Materials may be altered or substituted at the Vendor's sole discretion without notice. E.&O.E. O.D.P. October 11, 2016
